With your support, the 2017 Classic Wines Auction raised more than **\$3.4 million** to support five community nonprofit organizations.

Thank You!

This year was one of the most successful in Classic Wines Auction history! Since 1982, the auction and related events have raised more than **\$43 million** to benefit more than **one million** children and families. Some of their stories of bravery and survival are highlighted inside.

None of this would be possible without our generous supporters and auction committee members, who are already hard at work preparing for our 2018 season! What a year we have ahead!

YWCA Clark County

The spotlight was bright on stage at the 2017 Classic Wines Auction as representatives from our five nonprofit partners took a turn to bravely share their story.

Angie survived the horrors of domestic abuse, thanks in part to resources offered by **YWCA Clark County**, where she not only found support but also her "dream job" of helping other women. "YWCA touches everyone who comes through the doors and gives them resources to become thriving citizens of our community," she said.

Sam struggled with her diagnosis of bipolar disorder before discovering the power of peer support. Now she uses her own experience to help others as a Peer Support Supervisor at the **Unity Center for Behavioral Health**. Sam said that at Unity, "individuals get the support they need in the moment they need it... they get the message that recovery is possible."

Voices of Bravery

Raising money for worthy causes should always be this fun! The fourth-annual **Corks + Forks** event on June 8 brought hundreds of foodies out to taste the best of Portland and beyond. Local restaurants and wineries showcased their expertise, and guests had a great time while supporting five nonprofit beneficiaries.

Metropolitan Family Service

Carmen came to **Metropolitan Family Service** seeking support as her daughter reached pre-school age. "Ready, Set, Go", an early childhood development program, provided bi-lingual services that helped Carmen gain confidence as a parent and her daughter gain the skills needed to succeed in school. "These programs make a huge difference in our lives," she said.

Hillary mentors third-grader **Katie** through **Friends of the Children**. Beginning in Kindergarten, they have worked weekly on Katie's reading and she is now proud to be an advanced reader. Katie was effusive in her admiration of her "best friend in the whole, wide world," saying that when she grows up, she wants to be a mentor too.

Soon after moving to Portland in search of a better life, **Parris** found himself alone, penniless and homeless. "**New Avenues for Youth** provided a safe place to live, and the stability to pursue my work and school goals. Thanks to New Avenues, my dreams are bigger."

Your support brings stories like these to the spotlight and creates a stronger community for us all. Thank you!
